OUR NEW PRINTING EQUIPMENT

The publisher of The Montevallo Times takes pleasure in announcing the installation of new and modern printing equipment which makes our plant capable of doing the finest quality of work.

We are now able to give prompt service to our customers on any order of printing that may be entrusted to us.

The addition of this new equipment will result in our ability to make The Montevallo Times one of the best small town newspapers in Alabama.

We invite the people of Montevallo and surrounding communities to visit our plant and see what we have here to serve you. When you need printing we hope you will give us an opportunity to do your work.

Especially do we urge that you help us make The Times the very best newspaper possible. If you know an item of news value, tell us about it.

If you live in a rural community, send us the news of your locality. Every community should be represented in the news columns every week.

Remember, we are here to make a good newspaper for you and for Montevallo. A good community newspaper can be of service to every citizen in some way at some time. Tell us what we may do for you, and we will do it with pleasure.
