- New Presses and Machinery
- Booklets Pamphlets Programs
- Folders Catalogues Circulars
- Social and Business Stationery

THE MONTEVALLO TIMES announces the installation of complete modern printing equipment capable of meeting every requirement of Montevallo and its trade territory for printing.

We have a varied assortment of new and modern type faces. New printing presses recently installed enable us to handle any job of printing from the smallest card to a large book, catalogue or circular.

The equipment we have installed is second to none in the State of Alabama. It is not merely the ordinary type of "country printing office" equipment. It is as good, modern, and efficient as can be found in any of the large cities of Alabama.

In coming here the publisher of The Montevallo Times felt that he was coming to the best town and the best community in Alabama. We have set our stakes for a full measure of service to a people and community of that kind.

We are now ready and equipped to serve you. We invite you to call on us and discuss your needs, whatever they may be, in the way of printing requirements.

We want to serve the community of Montevallo. We want to pull for the interests of the institutions in our midst.
